Profile

Junior UX/UI Designer based in Oslo, with a background in veterinary care and hospitality. I'm interested in designing digital products that feel clear, useful and easy to understand. My previous experiences taught me to pay attention to small details, stay organised and consider what people need in real situations.

Featured Case Study

Truffle - Pet Care App | 2026

Product Design · UX/UI · Brand Identity

Truffle is a pet care management app inspired by my background in veterinary care and my own experience as a pet owner. The product helps owners organise reminders, routines, health records and shared care in one clear place.

For this project, I worked across the full design process: research, user flows, wireframes, UI design, prototyping and visual identity. I focused on creating a calm, practical and user-friendly experience that reduces the mental load of everyday pet care.

Skills & Tools

Skills: UX/UI Design · UX Research · Wireframing · Prototyping · Design Systems · Usability Testing · Accessibility Basics · Responsive Design · HTML/CSS

Tools: Figma · Miro · Canva · ChatGPT · Gemini · Codex

Noroff School of Technology & Digital Media | Oslo, Norway 2024-2025
- **Professional Degree, UX Design**

Henares School | Madrid, Spain 2018-2020
- **Veterinary Assisting / Nursing**

San Viator School | Madrid, Spain 2016-2018
- **Sports Studies and Personal Training**

Certifications

IxDF | Interaction Design Foundation 2026
- **UI Design Patterns for Successful Software**
- **Visual Design** (Distinction: top 10% in the class)

Work Experience

Waitress

Clarion Hotel The Hub, Oslo (Norway) | Nov 2022 - Present

- Serve guests in a busy hotel environment, where teamwork and clear communication are important to keep the service running well.
- Pay attention to guests' needs, timing and small service details, helping make their experience easier and more comfortable.
- Balance work with my UX/UI studies, which has helped me stay organised, consistent and responsible.

Veterinary Nurse

AniCura Dyresykehus Oslo (Norway) | Oct 2022 - Feb 2025

- Cared for hospitalised animals and helped with daily routines such as feeding, cleaning, monitoring and medication.
- Working in the emergency care department taught me to stay focused under pressure, work carefully and pay attention to the small details that really matter.
- This experience shaped how I think about pet care, and later inspired Truffle, my pet care management app.

Passenger Assistant

Iberia Airlines, Madrid (Spain) | Jun 2022 - Sep 2022

- Helped passengers with check-in, boarding and baggage processes at Madrid-Barajas Airport.
- Gave clear information to people who were often stressed, lost or in a hurry.
- Adjusted how I communicated depending on the person, the problem and the situation.

Cashier and Warehouse Assistant

Mercadona, Madrid (Spain) | May 2021 - Jun 2022

- Worked between cashier, product replenishment and different store tasks.
- Helped customers with everyday questions, payments and product needs.
- Learned to work with speed and consistency during repetitive and busy shifts.
